

Lions' Carnival Raises \$700 For Abbotsford Lake Project

Largely Attended Entertainment Augments Fund For Children's Playground and Swimming Pool.

Packed to capacity last Friday evening, Matsqui Hall was the scene of Abbotsford Lions Club's highly successful Carnival Nite. From 8 o'clock on a surging mass of good-natured, fun-loving people played games, enjoyed entertainment, and danced until the early morning hours, and thereby contributed \$700 toward a children's playground and swimming pool at Mill Lake, Abbotsford, a project being energetically sponsored by the service club.

Entire membership of the club was on hand during the evening in charge of one or other of the activities. Lion Pat Douglas was chairman of the carnival committee. He reports that gross receipts were \$1022.42, and that after providing for all expenses the net proceeds were \$691.32. This money is to be earmarked for the club's Mill Lake objective.

Games of skill and chance, reminiscent of Klondyke days, such as chuckaluck, were ranged around the side of the hall. Among other games provided were: bingo, darts, and ballthrow. Home cooking, candy and flowers were sold from booths. Assisting organizations also had booths: the Red Cross retelling hot dogs, the Junior and Senior Hospital Auxiliaries selling sandwiches and coffee, and the Comforts Club dispensing soft drinks.

Wheeler the magician kept his audience mystified with his repertoire of clever tricks; and the Hall duo dancers, a brother and sister dancing team, drew rounds of applause. Singing Serenader's orchestra provided music for the dancing which was from 11 to 2. Many service men were noticed among those dancing. George Cruickshank, MP, was present.

In charge of Lion Charlie Greaves, a turkey raffle netted over \$30. The live turkey was won by little Orissa Darby of Huntingdon. Two door prizes were offered, the first being unclaimed. The second door prize was won by Mrs. George MacAndrew, Abbotsford.

REEVES EXPRESS DOUBTS OF SOLDIER SETTLEMENT PLANS

Plots too Small for Livelihood

Fraser Valley reeves are showing concern over Ottawa's plan of placing returned soldiers on small holdings in the Valley, the government aiding the veterans by advancing money for the purchase of the property and building of a home.

The matter came before the Fraser Valley Municipal Association meeting Friday in New Westminster when fear was expressed that the men, who will be unable to make a living entirely from their acreage, might in time find it difficult to secure industrial employment.

It was claimed that with minor exceptions, government officials had stepped in and purchased land to be later allocated to the returned men, without so much as notifying the municipal authorities who see visions of an increase in the tax rate through having to provide additional schools for these new settlements.

Dominion-wide Matter
In the Chilliwack area where a land settlement scheme is under way, there is little to offer in the way of factory employment, according to Reeve W. T. Richardson. The same applied to Delta and Pitt Meadows, it was reported.

The situation is to be explained to the executive of the Union of B.C. Municipalities for that body to discuss the situation with Ottawa as it is felt that the matter is Dominion-wide.

SKAGIT HOLSTEIN SELLS FOR \$8000

R. E. Waugh, Sedro-Woolley dairyman, has received word that his Holstein cow "Bing", sold at the Blue Ribbon dairy sale at Wahkesha, Wis., for the record sum of \$8000. Another cow Waugh sent brought \$1035.

Mount Vernon Bing Peerless Maid 2034485, her full name, was top cow for the September test in the Skagit-Island Dairy Herd Improvement association records. She is a daughter of Carnation Peerless Prince, former herd sire of the Waugh herd.

Bing has four consecutive records, ranging from 384.7 pounds butterfat as a two-year-old, 302 days, to the top record this year at six years, 279 days, with 20,892 pounds of milk and 706. fat, three time milking.

EDUCATION COST

A report on the costs of education in British Columbia—"one of the big problems facing the province"—will be ready for the next session of the legislature, Premier John Hart told the annual meeting of the Victoria Liberal Association.

Natural Causes Jury Verdict In Hopkins Death

George Charles William Hopkins of Kilgord, accountant for the Clayburn Company Limited for the past 15 years, died in the M-S-A General Hospital on Monday afternoon.

A coroner's jury returned a verdict at 4 p.m. today that: "From the evidence submitted we find that the deceased came to his death from natural causes."

The inquiry was held at the Henderson Funeral Home, Abbotsford, with Coroner Eric T. Weir presiding. Sgt. W. J. Thompson appeared for the crown. T. R. Selkirk of New Westminster and A. V. Hill of Vancouver were counsel present on behalf of David Gosling of Abbotsford and the Clayburn Company and family of deceased, respectively.

Dr. C. E. McRae gave evidence as having attended deceased on Nov. 7 only for hurts which, he said, Mr. Hopkins told him he sustained in a fall while walking home. Dr. H. E. Cannon said he was called Nov. 11 and advised that Mr. Hopkins be removed to hospital where his condition improved remarkably until the time of his death.

The coroner had requested an autopsy from which he reported a broken rib and finding a detached clot in the left ventricle of the heart. He attributed death to chronic mild carditis. Condition due to the broken rib had practically disappeared.

W. E. Dawson gave evidence of having separated Hopkins and Gosling in a scuffle at Kilgord on Nov. 6 when they were apparently debating a previous telephone conversation and of David Gosling taking Mr. Hopkins to the latter's home. Later Mr. Hopkins returned to work for the balance of the day. T. W. Heppel, also a company truck driver, Miss Edith Hopkins and Const. C. A. Bell were witnesses at the inquiry.

Funeral services will be held at 2:30 p.m. this Thursday from the Henderson Funeral Home, Abbotsford, to Hazelwood cemetery, Rev. G. E. Bratt officiating.

Mr. Hopkins is survived by two daughters, Miss Edith M. Hopkins of Vancouver, and Miss Phyllis I. Hopkins, at home. Mrs. Hopkins died 15 years ago. Born in Reading, Berks, England, Mr. Hopkins was in his 64th year.

TWO MEN BADLY HURT WHEN CAR, ALLEGEDLY STOLEN HERE, CRASHES

Sapper William Ross Brooks is suffering from a broken back and Sapper George Lambert has a broken jaw as a result of an auto accident which happened at Langley Saturday night. The car in which they were riding is alleged to have been stolen from Joe Heath of Abbotsford, according to provincial police who investigated the accident.

The car left the road and turned over three times before it came to a stop. Both men, who are stationed at the Canadian Engineer camp at Sardis, were taken to the Royal Columbian hospital in New Westminster and later transferred to Shaughnessy military hospital in Vancouver.

Shortly after his arrival, at Ovaltine Farm, somewhere in England, "Brampton Canada's Best" was given a thorough once

HIS MAJESTY THE KING VISITS CANADIAN FRONT

Lieut.-Gen. Guy G. Simonds, Kingston, Ont., who commanded the First Canadian Army while Lt.-Gen. H. D. G. Crerar was temporarily absent through illness, accompanied King George to Canadian Army Headquarters during the visit of His Majesty to the Canadian forces on the continent.

LETTER FROM SUMAS SOLDIER

Terry Didn't Pace a Slit Trench But Boiled Laundry to a Crisp When Told of "Junior's" Arrival

In a letter to the Matt Anderson family on Sumas Prairie, L/Cpl. Harry Tarasenko writes from Belgium to tell that he is the proud father. He says: "First I want to thank Violet for the beautiful baby clothes she sent to my wife. I read about you winning them in the A.S. & M. News, but I never dreamed they would end up in England. You couldn't have chosen a better time because Margery received them the day after Tarasenko Junior was born. Yes, we are proud parents now. I had visions of pacing a slit trench the end of November instead of the proverbial hospital corridor but he sure cheated me out of it by his sudden arrival. Mother and son are both doing well according to latest reports. The wife says he's a perfect baby—born Oct. 15, weight 5 lbs 2 oz. Quite tiny but not bad as far as I'm concerned considering the ration system!"

"I didn't know I was a Dad until the 18th and talk about going into a spin! I had some laundry I was boiling on the stove prior to the news. It was all white stuff, but somehow when I finished up I had a pair of breeches in it, a bunch of socks, and to top it off right, I let the water boil out and most of the articles were burned. It's a good thing I don't become a papa every day! Pretty hard on the taxpayers back home outfitting me with clothes."

"Had a letter from John McGarva a week or so ago. How is he getting on now? I guess he was mighty sick wasn't he."

"What do you think of the war situation? At the present time I don't think so much of it, but it's only personal beef against this rain. What a country for ducks. You wouldn't even have to waste ammunition on them because if they ever came around

here, they'd drown. Still it's been a pretty good war so far. Kind of hot around Caen and a few other places but we've had it much safer than the infantry. With the infantry it's vice versa. As far as they're concerned, the Service Corps are the boys. We deliver the goods and they expend it. All part of a big job."

"I've had some interesting moments—especially at Boulogne and Calais. My chum and myself got ourselves posted on a special detail and had the chance to go in right behind the infantry. Calais was the place though. Talk about fortifications! Seeing is believing. My chum and I had the opportunity of going through the whole coastal defence belt and all I can say is, we were lucky! Oodles of mines and we didn't know exactly where they were. Usually a mine field is protected by barb wire but when the RAF got finished with it, well there was not much left of the wire. We were plenty scared but somehow the excitement of wondering what's ahead is great enough to overcome any fear."

"Found a brand new pair of field glasses in one fort and promptly made myself homesick by gazing at the White Cliffs of Dover across the Channel. It was a perfect day for it—clear as a bell. I could make out the houses with ease. I sent a Swastika flag to the Legion in Abbotsford which I picked up at a German headquarters. I also got myself a couple of pistols so my stock of souvenirs is complete. As far as I'm concerned they can call the war off any time so I can get back home and raise my family."

"I've got to cut this short as my flashlight has run down. Cheerio and the best of luck."
—TERRY

RATEPAYERS FAVOR AUDITORIUM SITE BYLAW, 95 TO 5

A by-law submitted Wednesday to authorize sale of a site at Jubilee Grounds in Abbotsford to the Canadian Legion for a proposed \$35,000 auditorium centre, was passed by Abbotsford ratepayers 95 for and 5 against. There were two spoiled ballots. The ballots cast represented less than half of the ratepayers. The Canadian Legion, BESL, proposes to provide a recreational and social centre for the service men and women returning from overseas, as well as central auditorium facilities for the M-S-A area.

M-S-A Hospital Plan Endorsed By Lions Club

Discontinue Paper Salvage Campaign

Abbotsford Lions Club at its regular dinner meeting held last Thursday evening, went on record as unanimously favoring new hospital accommodation for the M-S-A Area, and expressed satisfaction that a referendum would be submitted to the ratepayers of Matsqui, Sumas, and Abbotsford during the municipal elections in December. Dr. Harry E. Cannon, president of the club, presided.

After dinner speakers were Lions Club members George MacAndrew and Bruce Carrick, who debated the question of how much a Lions Club could do toward aiding in a plan for settlement of returned men on the land. It was concluded that a service club could do little as a club, but that it was up to individual members as voters to help to see that the veterans of this war got a better deal than the returned men of 1919.

The club decided not to continue with its paper salvage campaign in view of the low price received for the first car load of paper which afforded a negligible return after expenses were deducted.

Future meetings of the Club, it was decided, would be held in the hall of Trinity United Church, Abbotsford, the Ladies' Aid having agreed to do the catering.

PINE GROVE W.I. HOLD MEETING

Mrs. M. Edwards and Mrs. Newell were hostess to the Pine Grove ladies on Tuesday afternoon at their monthly meeting which was well attended with three guests welcomed.

It was noted twenty-five overseas parcels had been packed for overseas and Newfoundland. Thanks were read from Crippled Children's Hospital in return for box of jam sent a few weeks ago. Thanks for Sunshine were acknowledged by Mrs. Detwiler and Mrs. Ruben.

The executive for 1945 was elected as follows: President, Mrs. M. Larson; Vice-President, Mrs. E. Hogan; Sec.-treas., Mrs. J. Page; Directors, Mrs. L. Klemmen and Mrs. Newell.

A special afternoon session will be held this week in the Hall when the ladies will gather to make plans and begin work for an entertaining evening to be held later.

The delegate's report on the South Fraser Convention was read by Mrs. Larson, after which Mrs. Ruben discussed Pro Rec which will be held on Thursday evenings, as it was last season.

BUTTERLESS WEEK

The ration administration of the Wartime Prices and Trade Board reminds consumers that another "butterless" week is looming. Coupons No. 86 and 87, which become valid on Thursday, Nov. 23, will have to last the consumer for three weeks—until Thursday, Dec. 14, when coupons No. 88 and 89 may be used.

M-S-A HEALTH UNIT

952 School Pupils Examined During October

A great deal of time has been spent in the schools in the M-S-A Area where 952 children were examined by the Public Health Nurses and 127 visits made, according to the monthly report. A number of defects found this year have already been remedied. The findings are: weight gain of 5 to 10 pounds and growth in height of from 2½ to 6 inches. A small number showed a gain of a pound or less and an investigation into the food habits and general hygiene was then carried out.

During the weighing procedure, the personal cleanliness of each child is observed, eg. hair, skin, and extremities. On the whole, the children are sent to school clean. In a few instances, more foot care was indicated and an impersonal discussion on care of the feet took place. The children, especially the boys, showed a lively interest and had many suggestions to offer.

One case of scarlet fever occurred during the month, according to the report, also one case of rubella, one of pink eye, and two of chicken-pox. There were also a number of cases of intestinal infection and several of septic throat.

Skin disease included the following: impetigo, 18; ringworm, 5; scabies, 8.

Other visits as follows: Home-school, 127; Pre-school, 21; Acute bedside, 10; Infant, 96; Post-natal, 8; Tuberculosis, 42; Pre-natal, 41; Instructional, 9; Co-operative, 98.

Attendance at the Infant and Pre-school Immunization Clinic held at the Health Office on Oct. 4 was 50.

\$105 COLLECTED IN POLICE COURT FINES

Fines of \$15 and costs for exceeding the 40-mile speed limit were imposed on E. G. Dann and Elmer Wagner of Vancouver in Matsqui Police court. For failing to stop at a railway crossing at Matsqui level crossing, Paul E. Myhre, Ganga Singh Gill, of Mission, Indar Singh and Wm. L. Barre were each assessed the minimum fine of \$10. John P. Thiessen of Abbotsford paid a fine of \$5 and costs for failing to remedy defective lights. Fines of \$10 and costs were assessed against Nick Braun and John Hiebert, both of Abbotsford, for carrying loaded firearms in a motor vehicle.

In Abbotsford Police court, Mark Roche of Chilliwack paid \$10 and costs for failing to have a driver's license.

JR. AUXILIARY BUYS WAR BOND

At the Junior Hospital Auxiliary meeting held at the home of Mrs. Paul Chevalley on Monday evening, it was announced that a \$200 Victory Bond had been purchased in the 7th Victory Loan drive. Crib linings for the hospital nursery were distributed among the members. After the business meeting refreshments were served by Mrs. J. E. Webster and Mrs. E. Leary.

TO VACCINATE CALVES IN MATSQUI AGAIN

Dr. J. G. Jervis, VS, will visit Matsqui in the early part of December to vaccinate calves for Bang's disease. H. T. Beharrell, secretary, urges members of Matsqui Bang's Free Association to get their application forms in to the secretary by Nov. 25. Any one not yet a member but wishing to have his calves vaccinated should also get in touch with the secretary.

Western Air Command announces that J. E. "Ted" Lawrence, 1221 McKenzie Road, Abbotsford, recently graduated as a sergeant navigator from No. 10 Air Observer School at Chatham, Ont.

To the Commissioners of the Village of Abbotsford and to the Voters for the favorable Ballot They returned last Wednesday

May We Say: THANK YOU

Your action in deeding this property to the Canadian Legion is the first definite step in the Area toward providing the new Legion auditorium and rehabilitation centre.

There will, later on, be more requests, both publicly and personally, for your support. However, your ballot has given us great confidence in the future and will certainly influence the minds of men and women throughout the M-S-A Area to thoughtful consideration of the future of their returning sons and daughters.

We ask for them your continued support, feeling that when this project is completed and functioning, you will then thank us as heartily for our part in it.

THE BUILDING COMMITTEE,
Branch No. 15, Canadian Legion, B.E.S.L.

A Cent A Day Per Family

It would appear that, at this time, the Matsqui-Sumas Abbotsford Area needs a Florence Nightingale.

No doubt everyone remembers how Florence Nightingale, profoundly stirred by the reports of the suffering and neglect of the sick and wounded soldiers in the Crimean War, packed her things and set sail for the war area. There she brought mercy to thousands of suffering men. Not so many, perhaps, remember that when peace was restored, she fought on, established modern nursing homes, crusaded for better hospitals everywhere.

Back of the efforts now being made to secure a new hospital for the M-S-A Area is the thought of suffering and misery that may well occur here if we are not prepared. This Area has developed to a far greater degree than is generally recognized. The population increase is startling and is estimated to be continuing at the rate of 1000 a year. Development in activity and population has far outstripped enlargement of such facilities as the present hospital.

While all enjoy and benefit by this development which is making the Area a better place in which to live, more interesting, more convenient and more prosperous, it is only right that we should give thought to the essential services which we must provide for ourselves and which are our own responsibilities.

There is nothing that can give a greater sense of security in the home and in our daily vocation than knowledge that there is adequate medical and hospital care quickly available. With these services at hand, sickness and possible injury lose much of their torment. Seeming miracles are wrought by our doctors and nurses — when they have the equipment with which to work.

We would therefore, appeal to all who appreciate these facts to lose no time in making known their personal support of the hospital referendum that is to be placed before the voters at the municipal elections next month. If there are any doubts in our neighborhood it should be the personal responsibility of each and everyone of us to try to dispel such doubts, to point out how paltry is the small annual tax proposed to acquire the new hospital and how increased will be the facilities available to the Area.

Here we have been fortunately free of disaster or epidemic for years but they are always dread possibilities. How pitifully inadequate would be our present 14-bed hospital in an Area of 8500 population! For our own peace of mind we should strive in every way possible to assure success of the referendum.

A payment of three or four dollars, a cent a day, per family per year for a few years, is nothing compared with the knowledge that a modern, 50-bed hospital will be established.

Three Days . . .

There are two days in the week on which and about which we never worry—two carefree days kept sacredly free from fear and apprehension.

One of these days is yesterday. Yesterday, with its cares and frets and all its pains and aches, all its faults, its mistakes and blunders, has passed forever beyond recall.

And the other day that we do not worry about is tomorrow. Tomorrow, with all its possible adversities, its burdens, its perils, its large promise and poor performance, its failures and mistakes, is as far beyond mastery as its dead sister, yesterday.

There is left for ourselves, then, but one day in the week—today. Any man can fight the battles of today. Any woman can carry the burdens of just one day; any man can resist the temptation of today. It is only when we willfully add the burdens of those two awful eternities, yesterday and tomorrow—such burdens as only the mighty God can sustain—that we break down. It isn't the experience of today that drives men mad. It is the remorse for something that happened yesterday and the dread of what the morrow may disclose. —Robert J. Burdette in the Inland Printer.

Legion Officer Explains Pension To War Veterans

(This is the fifth in a series of articles written especially for this newspaper by Richard Hale, chief pensions officer of the Canadian Legion, Ottawa headquarters.)

A goodly number of veterans from the present war have heard something of compassionate pensions and, feeling themselves eligible, have submitted applications to the Pension Commission.

The idea of compassionate pensions, however, is not, as the name suggests, a plan whereby veterans in straitened circumstances may qualify for a pension that they would otherwise not be entitled to. Two words in section 21 of the Pension Act i.e., "specially meritorious" limit its application to a very great extent.

Obviously, the great problem is to decide what is meant by these two words. The Pension Commission has been very reluctant to make many awards. The recognition of any case under this section tends to set up a precedent for others. Naturally the Canadian Pension Commission feels it would result in a great many applications which they would find difficult to refuse.

In actual practise, about the only applicants for pension under section 21 who have succeeded are those with something very distinctive about their service. If a man has been awarded a decoration for service in the field, his chances improve accordingly. In some case pensions have been granted to widows of men who gave gallant and exceptional service.

The problem of administering this section has really not begun for men in this war. Many have performed such heroic deeds, in France and Italy; in the air; or on any number of ships, that the "specially meritorious" clause could be applicable to countless numbers when demobilization is complete.

There is provision for another type of "compassionate pension" in section 11, subsection (3), of the Pension Act. This is limited to those who have served in the present war in Canada ONLY and have been seriously disabled although not as a direct result of the performance of military duties. It is also applicable to dependants of those who have died during service in Canada, but not because of actual military duty. In either case, if the applicant is in "necessitous circumstances," the commission may authorize an award of pension.

Surpassed Expectations
National War Finance Committee
Province of British Columbia
and Yukon
Vancouver, B.C.,
Nov. 15th., 1944.

Mr. Lang, Sands,
Publisher, A. S. & M. News,
Dear Sir:

The response by the people of British Columbia and Yukon to Canada's Seventh Victory Loan has been really astonishing. It is no exaggeration to say that it has far surpassed our most optimistic expectations.

It is unnecessary for us to say that this most satisfactory result has only been made possible

PROVINCIAL News Letter

British Columbia has completed today the refunding of \$4,000,000 in New York funds at the lowest rate secured in this field for such funds by any Province in the Dominion of Canada, it was announced today by Premier John Hart, Minister of Finance.

The issue comprises three year 2% bonds and were sold to redeem an issue maturing on December 15, bearing interest at 3 1/4%.

In completing the transaction, the Premier stated the Province not only saves \$400,000 in exchange but also institutes a saving of 1 1/4% per annum.

The transaction was handled on behalf of the Province by Gordon Saunders Company of New York, and Lauder Mercer and Company, Limited, of Vancouver. The bonds were sold at a net cost to the Province of 2.03% which is the lowest rate that has ever been received by British Columbia in the history of its financing.

A one-man Commission will undertake the survey into the cost of education in the organized and unorganized areas throughout the Province, it was announced by Premier John Hart who intimated that the Government had

EDUCATIONAL SURVEY

through the generous support and assistance of many agencies but particularly the press.

The responsive attitude of the public is the direct result of the effective manner in which the message of Victory Loan has been placed before the people. In this, your paper has been in the fortunate position to render an outstanding national service. That you have taken full advantage of this opportunity is reflected in the wonderful record which has been achieved.

We are sure it is a matter of keen satisfaction to you that your efforts have been so remarkably successful. It certainly affords us the greatest pleasure to express our thanks and appreciation to you for a job worthy of the highest praise.

Yours sincerely,
G. Lyall Fraser,
Chairman, Provincial
Public Relations Section.

Successfully Completed
The Salvation Army,
Vancouver, B. C.,
November 18, 1944.

Mr. Lang, Sands, Publisher,
A. S. & M. News,
Abbotsford, B.C.

Dear Sir:

Our recent Campaign on behalf of our Red Shield Home Front Appeal has been successfully completed in your town under the splendid leadership of Rev. G. R. Tench. We are more than pleased with the result of \$342.60 which is an increase of more than \$100 over last year's effort. The complete returns were received today from Mr. D. E. McAllister who acted as Campaign Treasurer.

I would appreciate it if you would find a small space in your fine paper to express our thanks to the Campaign Chairman and workers associated with him, also all those who so willingly contributed to the Campaign. We appreciate your kind interest and publicity contribution also.

Cordially yours,
Arthur H. Hill,
Major.

a well-known educationist in mind for this important task.

It had been hoped, he said, to have established a three-man Commission which would have surveyed the whole field of provincial-municipal relations including education and social service. In view of the fact that many of the men qualified for this work are now engaged by the Dominion Government in war undertakings, it has been decided to confine the commission to one and the survey to a study of the cost of education so that the work can be started immediately.

It is expected that announcement will be made shortly as to who the Commissioner is; the terms of reference; and any hearings that may be held.

Honouring three great leaders of the United Nations, the British Columbia Government has named three mountain peaks

in northern British Columbia after Prime Minister Churchill, President Roosevelt, and Premier Stalin.

The peaks are situated in the Peace River Block not far south of the Alaska Military Highway. They are all approximately 9,500 feet elevation.

THE fight against V.D.
is a family affair . . .

A laughing couple, dodging showers of rice . . . fireside . . . garden . . . chubby babies . . .

These are scenes we know and like, because they're part of our lives . . . because they spell happiness . . . contentment.

But we know that these things don't "just happen." They have to be worked for, lived for. Protected, too, because of ever-present dangers which may spoil them.

Veneral Disease is a spoiler. In a cold, relentless way it can kill infants, rob the home of its breadwinner, cripple, destroy. These are not mere possibilities. THEY HAPPEN . . . RIGHT HERE IN CANADA!

But, these things should never happen. They can be prevented.

Young men and women can safeguard their future happiness together by making sure before marriage that V.D. will not blight their plans. A medical examination, including a blood test for syphilis, is a protection no couple can afford to pass up.

The expectant mother, too, may know for sure that her baby will be all she dreamed of. Syphilis in the expectant mother rarely shows outward signs, and it is no respecter of persons. An early check-up by her doctor, including a blood test, is a most essential, yet simple, first step in protecting her baby's health.

Nor must the breadwinner neglect his part. The security of the home depends upon his ability to work regularly and efficiently. Undiscovered syphilis, striking in middle life, may make the head of the home unable to provide for his family. It is wise to KNOW FOR SURE in time. Industrial medical examinations should include a routine confidential blood test.

A blood test should not be looked upon as something unusual. It should be regarded for what it is . . . a normal safeguard of health, security and happiness.

Invest a few minutes of your time in ASSURANCE.

FIGHT VD ON THE 4 SECTOR FRONT

For all the facts about VD write your Provincial Department of Health for the new, free booklet "VICTORY OVER DISEASE".

THE PROVINCIAL LIBRARY

OFFERS PUBLIC REFERENCE SERVICE
—PERSONAL OR BY MAIL

THE institution now known as the Provincial Library dates officially from 1863, in which year the Legislative Assembly of the old Crown Colony of Vancouver Island voted \$1,000 for the formation of a Parliamentary Library. Today the Provincial Library is one of the outstanding libraries of British Columbia, indeed of the Pacific Northwest.

200,000 VOLUMES.

For eighty years the Library has been acquiring from far and near, books and documents which have to do with a much wider range of study and learning than merely legal and legislative subjects. The present book stock of some two hundred thousand volumes includes, besides the large reference collection that is necessary for a modern and efficient legislative reference library, many rare and important books in widely different fields: early Shakespearean folios, first editions of Beaumont and Fletcher, Ben Jonson and Charles Dickens, lang runs of literary and scientific periodicals and transactions of learned societies, an excellent fine arts collection, etc., etc.

NEWSPAPER, PERIODICAL FILES.

One of the Library's unique collections is the complete file of British Columbia newspapers, kept up-to-date by subscriptions to every newspaper, small or large, published in the Province. An invaluable aid to the study of the political and social history of British Columbia is provided in the analytical card index to Victoria and Vancouver newspapers. Here is a file of the London Daily Times complete through the last hundred years. Long files of some 150 periodicals provide reference material invaluable to a research library.

RESEARCH LIBRARY.

The prime function of the Provincial Library is of course to provide adequate, comprehensive and up-to-date reference service for the legislature which makes the laws, and for the administration which carries them out and attends to the public affairs of the Province. In this respect, the Provincial Library is second to none in Canada. This, together with the wide collection of books and periodicals in other fields, makes the Library one of the meccas for research in the Pacific Northwest. It is indeed one of the most important of the many libraries that belong to the Pacific Northwest Bibliographic Center, with headquarters in Seattle, where the resources of all the important libraries in this area are listed in a union catalog, and through which a combined book collection, amounting to millions of volumes, is made available, through inter-library loan, to serious students throughout the Pacific Northwest.

REFERENCE SERVICE.

In addition to the above function, however, the Provincial Library provides full and free reference service to anyone who can visit the Library itself, and it affords generous reference service by mail to the people of British Columbia who have problems and questions on which adequate information is not locally available. In this way much greater use of could be made by British Columbians of their own provincially owned Library.

Residents of this Province who wish to take advantage of this valuable mail service should write for complete information to the Public Library Commission, Victoria.

Department of Education,
Parliament Buildings,
Victoria, B.C.

Hon. H. G. T. Perry, Minister.

Urge Farmers Take Advantage Labor Priority

Experienced Dairy
Hands Are Reserved;
Applications Sought

The Dominion-Provincial Emergency Labor Service is anxious to be of the greatest possible service to farmers of British Columbia. Wm. MacGillivray, director, states in a letter to the local Farm Help Committee. He adds:

"During the past years several hundred permanent farm workers, including a considerable number of dairymen, have been supplied to various parts of the Province and particularly to the Fraser Valley.

"At the present time this organization is receiving enquiries from a number of men seeking farm work. Most of those are married men who will require separate accommodation, but there are single men applying from time to time.

"By arrangement with National Selective Service, the Farm Labor Service is assisting in the recruiting of men for other essential industry who can be spared from farms during the coming winter. It has been specifically agreed that no dairymen will be granted permits to take employment in any other industry.

"In order that all of the men who apply for work through the Service may be usefully employed, farmers requiring help, particularly for dairies and mixed farms, are urged to place their orders immediately either with the local Placement Officers, or directly with the Dominion-Provincial Emergency Farm Labour Service at 844 West Hastings Street, Vancouver, B.C.

"Every effort will be made", Mr. MacGillivray concludes, "to supply the help required as soon as possible."

8443 POUNDS MILK AVERAGE OUTPUT OF WASHINGTON COWS

Neighboring Dairymen
Have 12 Testing Ass'ns.

Clallam county dairy herds with an average of 402 pounds of butterfat per cow for the year topped all other herds for high production in the 12 standard-plan dairy herd improvement associations in Washington, reports M. B. Nichols, Extension dairyman at the State College of Washington.

For the state as a whole, herds in the association averaged 8,443 pounds of milk and 364 pounds of butterfat per cow. Except for one state with only 90 cows on test, this is the highest average reported in the nation. The national average was 8,325 pounds of milk and 338 pounds of butterfat.

Skagit county herds placed

CALF CLUB MEMBERS MAKE PRESENTATIONS TO M. AND MRS. BORG

Matsqui Guernsey Calf Clubs held their final meeting at Glenmore on Thursday, Nov. 9, Geo. Muirhead, assistant to G. L. Landon, District Agriculturist, read the club scores and H. A. Borg presented the ribbons to the members.

Following the meeting, secretary-treasurer Helen Rennie presented Mr. and Mrs. Borg with a brown leather wallet, a beautiful picture and a card. A social evening of games and dancing was enjoyed, and supper was served by the club members and their mothers. Music was provided by D. Thompson. Among those present were George Muirhead, Amos Gibbard, president of the Mission and District Agricultural Association, J. Inglis and Mr. Bakma.

GARDEN TIPS

from

T. Preece, Bradner

Vegetable Garden for November

It is now advisable to plan for next year's crops. Empty ground should be now thoroughly dug or trenched, leaving ground as rough as possible. Collect leaves and rubbish to decay for manure.

Asparagus—Cut down stems and weed top dress with farmyard manure.

Beans—A small sowing of the Broad Beans may now be made. Cabbage—Hoe and clean between rows.

Cauliflower—Those which have heads should have a leaf or two broken over heads to protect from frost.

Celery—Earth up and protect from frost.

Endive—Continue to tie up and bleach.

Garlic—Plant a few for early use.

Horse Radish—May be planted now.

Water Cress—Plant now for Spring use.

Fruit Trees—This is the best time to move all kinds.

Raspberries—Should be pruned.

Attend to all roots in root cellar.

The Canadian National Central station at Montreal has witnessed the arrival of the wives and daughters or sons of more than 16,000 Canadian soldiers who have married overseas.

In the first four months of 1944, Canadian National Railways carried 11,652,920 passengers. This is more than the number transported in the entire year of 1940.

Pulpwood in the 5 war years of 1940-44 has averaged 831 million cubic feet against 623 in the five pre-war years; an increase of 33 percent. With reduced manpower this has been a notable achievement; the starting point of pulp and paper wartime supply.

second in Washington with an average of 376 pounds of butterfat and Wahkiakum county third with 373 pounds. Skagit county with 2,885 cows had the largest number on test and King county with 1720 had the second highest.

Yakima county with 675 cows on test in the association was fourth high with a production record of 8,692 pounds of milk and 371 pounds of butterfat per cow. Next in order are Lewis-Pacific, with 448 cows averaging 370 pounds of fat; Grays Harbor, 780 cows, 364 pounds of fat, Walla Walla, 467 cows, 360 pounds of fat; Pierce, 771 cows, 356 pounds of fat; King, 1,720 cows with 347 pounds of fat; Whatcom, 750 cows, 347 pounds of fat; Stevens, 153 cows, 332 pounds of fat; and Northeast Washington, 861 cows producing an average of 327 pounds of fat.

In addition to these herds, 923 more in the state are testing 12,482 cows under the owner-sampler testing plan.

"The Washington dairymen who is testing his cows for production has a basis for a sound breeding and feeding program, which in turn means higher and more efficient production," says Nichols.

83% OF ALL FRASER VALLEY FARMS ARE ELECTRIFIED!

Thus the liberal policy of the B.C. Electric in extending its lines has brought about one of the highest saturations of farm power usage. All this has been done without the aid of government subsidy. The B.C. Electric has always been to the forefront in promoting progress in the communities it serves.

SWELLEST SPOT IN TOWN

Poplar

Mr. and Mrs. F. Loewen and family spent Saturday last at New Westminster with the idea of the family taking part in the Children Hour on the recently introduced broadcasting station.

After big game A. Ratzlaff accompanied by P. Gresbicht and his brother left last week for the Cariboo district.

On Tuesday, Nov. 28th, the women's meeting will assemble at the home of Mrs. W. J. Latton on North Emmerson.

Mrs. Bourns and Miss Gwendolin of Vancouver, who have been holidaying with Mr. and Mrs. F. Butcher on King Road, returned home last weekend.

Mrs. B. C. Busby accompanied by Miss Irene Terepocki, spent Saturday and Sunday at Hammond with Mr. and Mrs. A. Rikley and Mr. and Mrs. Colvin.

Sumas District

Mrs. L. M. Gleason is home after visiting friends in Washington.

Bruce Kenney of SedroWooley, Wn., has been visiting Mrs. H. H. Harris.

Mr. and Mrs. Antonelli and Danny, of Green Timbers, were week-end visitors of Mrs. C. A. Lamson.

Mr. and Mrs. Aitken and Wayne of Chilliwack have recently visited Mr. and Mrs. K. McGillivray.

Mr. and Mrs. W. Strowger of Langley spent Sunday with Mr. and Mrs. J. E. Dayton.

The Upper Sumas Women's Institute Card Party was held at the home of Mr. and Mrs. W. Buchanan. First prizes were won by A. Austin and Mrs. M. Nelles. Consolation prizes were won by M. Nelles and Mrs. T. Higgs.

Mrs. K. McGillivray spent Saturday in New Westminster.

Hugh McGillivray is home from Vancouver.

Bradner

Mr. and Mrs. Rosaine of Macleod, Alta., have been the guests of Mr. and Mrs. Gus Tullberg. Other guests have been Mrs. Peterson and three little girls who left on Monday for Kelowna. Mr. G. F. Getts, Mrs. Peterson's father is accompanying her home from Vancouver.

An enjoyable evening was spent in dancing last Saturday evening, when RCAF boys stationed at Abbotsford, were invited to Bradner Hall. The affair was organized by Miss Ruth Burmeister assisted by Miss B. Underhill, Miss P. Brady, Mrs. H. Burmeister Sr. and Mrs. H. Burmeister, Jr. Several girls from Abbotsford district as well as about thirty from Vancouver joined in the fun. Refreshments were served.

Const. Clark, RCMP, is spending his vacation at the home of his parents.

Mrs. L. C. Gardner, and her daughter, Mrs. J. H. Sherman, have returned home after visiting Vancouver for a few days.

Members of St. Margaret's Guild staged a very successful Sale of Work on Saturday in the Community Hall. The Sale was declared "open" by the President, Mrs. A. Brown, with Mrs. J. Pennington as the official hostess for the afternoon. During the afternoon an exhibition of Folk Dancing was given by some of the school pupils under the direction of Miss Lawrence. A bevy of girls assisted the social committee in the serving of refreshments.

WILMS — To Mr. and Mrs. Jacob Wilms of Mt. Lehman, on Nov. 14, a daughter.

GENBERG — To Mr. and Mrs. Gideon Genberg of Coghlan on Nov. 14, a son.

P. C. M. R.

Another interesting exercise between the Air Force and the PC MR took place on Sunday, Nov. 19.

It is too early at the time of writing to say who won or what sabotage has been done in the district.

However, unlike the exercise of Oct. 5, the "action" on the Matsqui and Sumas prairies was comparatively mild although "casualties" were suffered on both sides.

PCMR observers agree that the Airmen's tactics showed a marked improvement over the previous field day and they have disillusioned the PCMR about some of their.

A bit of a paradox was created when Col. Coote, who was "shot, killed and captured" during the last "do", turned up hale and hearty, as usual, early Sunday morning proving the truth of the song "Old soldiers never die etc".

We are pleased to report that he came through unscathed this time and will again be in harness and command when these two great armies once more clash in mortal combat.

HIGH GRADE SELECTED HEIFERS

Favored with instructions from the owner, I will sell the entire herd of heifers on the premises known as the ASSOCIATED DAIRIES FARM, situated on the Lougheed Highway, 13 miles west of Mission City or 2½ miles east of Haney on

WEDNESDAY, NOV. 29

1 p.m.

40 HEAD OF CHOICE HEIFERS

These heifers have been selected from high producing dams. All are inoculated for Bang's disease, 12 to 15 head are springing, and comprise Holsteins, Guernseys, Jerseys and Ayrshires, age from 1 to 3. They are all in beef condition. This farm has been sold and the stock must be sold, and they represent a real choice lot of high grade animals.

Buildings for Sale By Tender

The Secretary of State and/or Custodian offers for sale by tender:

PARCEL A: School Building, approximately 16 feet by 50 feet, situate on the corner of Coughlan Road and Bradshaw Road, in the Municipality of Langley, in the District of New Westminster.

PARCEL B: School Building, situate on the South East Corner of property described as Lots 1, 3, and 4, part of the North East part of the North East Quarter of Section 28, Township 17, on the Dewdney Trunk Road, in the Municipality of Mission, B.C.

PARCEL C: Hall Building, approximately 16 feet by 32 feet, situate on the East Side of Dennison Road, one-quarter mile North of B.C. Electric tracks, Municipality of Matsqui.

Each tender must be for one of the parcels described, but a separate tender may be filed for each parcel.

A tender offering for parcels in the alternative will be considered an offer only for the parcel first named.

Tenders should be addressed to the undersigned, marked "Tender for Building" up to Noon on the 14th Day of December, and must be accompanied by a certified cheque payable to The Secretary of State as Custodian for 10% of the amount tendered.

Arrangements to inspect will be made by the undersigned. Highest or any tender not necessarily accepted.

These assets are offered for sale without any warranty whatsoever on the part of the Custodian as to condition or state of repair, and the buildings must be moved from their present locations by the purchasers.

Dated at Vancouver, B.C., this 23rd day of November, 1944.

SMILE THE WHILE

Everywhere you go these days wartime travel is congesting boats, street cars, trains—and buses. It's just one of those things, like the weather. Since we're all in it together you'd be surprised how much more pleasant the trip can be if we all make up our minds to take those discomforts in our stride.

So let's be good-natured and keep smiling. Let's help solve this war problem by trying to make things pleasant for one another.

CO-OPERATING TO SAVE GASOLINE AND RUBBER WHILE CARRYING ON ESSENTIAL TRANSPORTATION SERVICE

Little Superfluity Shop Turns "Problem Items" Around Home Into Cash That Helps Others

by Mrs. C. F. Weir, Convenor

The little Red Cross Superfluity Shop on Essendene Ave. in Abbotsford is now open every shopping day between 2 and 4 p.m. We are very grateful to Mr. Weeks for this store. It can be readily imagined how much easier it makes our work to have a depot like this for the receiving, handling and turning in to cash all the varied items that come our way for the Red Cross sale. Our stock-in-trade is entirely made up of all the little things you have on hand, whether they be problem-items that are too good to throw away when you know there is sure to be some one someplace who could use it, or the treasure you would like to see turned in to cash that spells comforts to our wounded and our prisoners of war. We invite you to keep an eagle eye on that top cupboard and bring in the dusted loot gathered to the Superfluity Shop. It gives you a good feeling to know the things you have laid aside unused, can help so much, especially when it is just the thing some one else is looking for.

Save Paper, Rags

There is no further call for rubber, bottle tops, glass or small metal scraps. But there is a greater need than ever for strongly tied bundles of old newspapers and magazines. It has been a great relief to the Red Cross ladies to have the Lions Club take over this heavy part of the salvage problem. As long as the war lasts and for a time afterwards all the clean cotton rags you can spare are needed. Before the war this country imported one hundred million pounds per year of cotton rags from the Orient. We have to find our own now. Our Abbotsford unit has had a nice little sum coming in steadily from the local machine shops these four years by selling them your clean sorted cotton wipers. The tiny scraps are used too. All pieces suitable for comforters in wool or cottons are turned over to the V. Bundles for the making of bedding for bombed allies. Articles suitable for shipping to Britain are accepted every day we are open and turned over to Mrs. Turner who is in charge of V. Bundles in this District. Each Tuesday at 2 p.m. Mrs. Turner takes charge of the Superfluity Shop and sorts the week's gathering of garments suitable for overseas use. Each Wednesday a shipment goes out to New Westminster by the B. and K. trucks. At New Westminster parcels are stowed away in every available corner of boats sailing from there. Strong twine and cartons are needed for the packing.

Need Warm Clothing

All kinds of warm garments are needed. There is a plea going out for every thing that can be spared in the way of warm bed coverings, also house dresses, underwear, stockings, etc. Homes are still being bombed—as many as 16,000 a day. As long as this goes on we cannot leave that warm dress or coat hanging in the closet; there are so many people in need of them and long cold winter days and nights stretch ahead for the homeless.

We might mention that the Superfluity Shop is also a sorting place just now for all the pie plates, salad bowls, etc. that you sent those delicious pies and salads in to the Teachers' Convention. Please call and pick yours up.

Offer To Units

It has been thought that the Red Cross Units in this scattered M.S.A. area might like to use this little shop for the benefit of their own unit. They might like to have a little produce or work sale and serve tea on a Saturday afternoon or evening. If the Units will contact Mrs. C. Weir about two weeks before their chosen date, we will be only too happy to help them make arrangements.

PROVINCIAL NEWS LETTER

Continued from Page Two

the establishment of family courts in British Columbia are being proceeded with and it was announced by Attorney-General R. L. Maitland that such a court would shortly be established in Vancouver.

The details are now being worked out by Magistrate H. S. Wood. The Attorney-General said that Victoria could have a family court if it wished.

This is a new departure for the Province of British Columbia and inaugurates an entirely new treatment in the handling of juvenile cases, which may have far-reaching effects throughout the entire Province.

The British Columbia Industrial and Scientific Research Council will shortly conduct a survey of existing research facilities throughout the Province with a view to ascertaining how existing facilities can be utilized to undertake needed research for

P.S.H.S. NOTES

The War Savings committee are sponsoring an election for Miss P.S.H.S. for our High School Dance in December.

Those elected are:
 Grade 12, Betty Bader; Grade 11, Edith Adams; Grade 10, Valerie Delair; Grade 9, Mona Calvert.

The idea of this election is that every war saving stamp bought is a vote for the girl you think is most popular.

A Sadie Hawkins Mixer was enjoyed by the pupils and teachers on Friday.

The girls asked the boys and those who didn't ask a boy were given comic strip names and matched them to get their partner.

The mixer started out with a skit by the Grade 11 boys, Truth and Consequences followed, in which two persons from each grade were chosen, they were Grade 12, Gordon Grant and Wanda Stachan; Grade 11, Stanley Tench and Joan Aish; Grade 10, Henry Pauls and Vivian Lukas; Grade 9, Peter Klassen and Dorothy Macbeth. They all had to take the consequences as the questions were too difficult for anyone to answer. Following the Truth and Consequences the boys removed the chairs and rolled up the canvas and dancing was enjoyed, the music being provided by Shirley McFadyen and Lilace Lind. Near the end of the Mixer there was a relay between the Students Council and the teachers and of course the teachers won.

On Friday a basketball game was held between the P.S.H.S. and Delta High School. The P.S.H.S. girls defeated Delta by a score of 43-14. The Delta boys defeated our boys with a score of 72-48.

industry and to indicate how the Research Council can best serve the Province in the development of secondary industries dependent upon natural resources.

Another provincial park has been added to the long list of those reserved for public use in the Provincial Government's program to preserve natural beauty spots for posterity.

The latest park is named the Kitty Coleman Beach Park and is situated on Vancouver Island in the Comox District. It comprises 24 acres including waterfrontage.

SPECIAL MARSHALL-WELLS FEATURE

In wartime Canada's performance in pulp and paper has been outstanding. Despite severe depletions and restrictions of hydro-power, manpower, materials and facilities diverted to direct war uses, the Canadian industry has set new records in providing pulpwood, pulps, newsprint and other products.

In peacetime world trade, pulp and paper are Canada's main commodities except gold: greater than wheat; far greater than nickel. Newsprint alone, over a considerable period, has brought Canada more export dollars than wheat, nickel, or any other single Canadian commodity except gold.

M-5-A Aircraft Detection Corps Disbanded

RCAF headquarters at Ottawa has announced that the Aircraft Detection Corps of the R.C.A.F. has been disbanded. For four years its 23,000 unpaid, voluntary Observers have kept ceaseless watch on Canada's skies to prevent attack by enemy aircraft and to help our own aircraft in distress.

The A.D.C. reported all aircraft movements in B.C., Eastern Canada, Labrador, the North West Territories and Newfoundland. Their telephoned, telegraphed or radioed reports were treated as emergency calls and were quickly forwarded to the reporting centre.

Observers did valuable work reporting mines and submarines off the East coast. Many aircraft in distress were guided safely home to their bases.

In an address given to the Sheffield Auditorium earlier this year, Flight Lieutenant C. P. Chaston said that the A.D.C. had saved six aircraft in the first six months of this year in Western Air Command alone.

In British Columbia some 2,500 Observers were dotted up and down the coast keeping a constant watch. Observers included housewives, farmers, captains of coastal boats, school boys

retired army officers.

The M.S.A. Post is the second oldest in the Fraser Valley. For two years its Observers, under Chief Observer Neil A. Macdougall, reported well over 2000 aircraft, including two in distress.

Neil Macdougall wishes to extend his thanks to the Observers who have conscientiously served. They are: Mrs. L. Holtsbaum, Mrs. F. Macdougall, Mr. and Mrs. J. Bolton, Mrs. M. Heywood, Mrs. I. Busby, Capt. H. L. Chitenden, J. Elder, R. Turnbull and Mrs. A. McPhee. He also wishes to thank the Reporters: J. C. Ryder, (chief Reporter), V. Brown M. Gleeson, Miss B. Mitchell, R. Heywood, W. Senft and A. Ryder.

Members of the Corps are still on the alert to report aircraft in distress.

PRICE - MANSON

Rev. Northcote Burk officiated at the wedding on Tuesday, Nov. 7 at 7 p.m. in St. John's Anglican Church, Ottawa, of Miss Hazel Anna Emily Manson, only daughter of Mr. and Mrs. Hugh Manson of Matsqui to Leading Telegraphist Roy Kenneth Price, R.C.N., son of Mr. and Mrs. A. A. Price of Abbotsford.

The bride wore a heavenly blue street length dress with three quarter length sleeves and a corsage of butterfly roses.

Mrs. Ian McAuley attended the bride and she wore a beige street length dress and a corsage of talisman roses.

The groom was supported by Telegraphist T/O Ian McAuley R.C.N.V.R. of Hull, Quebec.

The reception was held in the Rainbow Room of the Standish Hotel, Hull, Quebec.

The young couple will reside in Ottawa where the groom is stationed.

RELEASE MORE B.C. CANNED SALMON

Although the British Columbia salmon pack for 1944 is somewhat smaller than last year, more canned salmon is to be made available for civilian consumption, the Wartime Prices and Trade Board announces.

The allotment for the coming year will be 250,000 cases as compared with 200,000 cases for last year but it will be some weeks before distribution is effected and the new pack begins to appear on retailers' shelves throughout the Dominion.

A war plant south of the border has five ferrets on its payroll. These furry commandos kill between 40 and 50 rats a week. Each morning the ferrets pile their victims in a corner for the Sanitary squad to remove.

Canada has produced more than 13,000 warplanes since the beginning of the war.

Less than 24 per cent of Canada's war production goes to her own armed forces. The remaining 76 per cent goes to other United Nations.

SHOT TWO SWANS

For killing two white swans out of season, William David Thompson, Deep Cove, and Clarence Steeves, Vancouver, were fined \$25 each and costs by Magistrate William Hope at Pitt Meadows.

TO RESUBMIT BYLAWS

Trustees of Chilliwack High School area board will resubmit by-law proposals totalling \$126,000 to electors of the municipality and city in December.

TO BE SPECTATOR

Harold E. Winch, M.L.A., B.C. provincial CCF leader, will attend the special session of Parliament, as a spectator. After attending the CCF National Council meeting in Ottawa, he

SORRY...

but the foot is too big for the shoe

While demands for telephone service have increased steadily during the war, the equipment necessary to provide service hasn't. The Telephone Company has been prevented from making any material additions to its system. That's why so many people have to do without telephone service these days. The foot just won't fit the shoe.

Factories that used to produce telephone equipment are now needed to fill war orders.

The telephone situation is likely to get worse before it gets better. In the meantime, essential needs for telephone service, particularly in connection with the war effort, must come first.

BRITISH COLUMBIA TELEPHONE COMPANY

will go to the CCF National Convention which opens in Montreal on Nov. 29.

The KIDS ARE CERTAINLY TOUGH ON SHOES!

1,300,000 MORE PAIRS OF CHILDREN'S SHOES LAST YEAR

In the last twelve months Canadian manufacturers made for Canadian children about 25% more shoes than in 1939—a fine job—done by the organization and direction of production by this Board's Footwear Administration and the co-operation of manufacturers. And this was accomplished while they were making more essential type shoes for war workers, who wear out their shoes faster than they do in their normal employment.

Now you see it

THE DISAPPEARING ACT OF RUBBER-SOLE SHOES

In normal times most young Canadians got at least one pair of rubber soled, canvas-top shoes a year. But natural rubber supplies fell into enemy hands, and the manufacture of rubber footwear was drastically curtailed. We're now using reclaimed and synthetic rubber in these shoes—there have been more of them this year and there will be more next year. Leather-soled shoes have had to be used in place of this rubber-soled footwear but shoes made of leather need more care than running shoes. When they don't get it they wear out more quickly; when they get wet they must be dried slowly, away from direct heat—and they should be greased also. It's not always a case of poor quality; it's poor care.

Now you don't!

LEATHER GOES TO WAR

You've got to have good strong leather for children's shoes, but the soldiers are taking most of ours for their boots. For these leathers, a substantial portion of the hides came from South America and other countries. War cut down these imports and there have been difficulties in getting enough of these and our own hides tanned into leather due to shortage of workers. The production of high grade leather shoes has, however, been maintained at the highest level consistent with the labour and materials available. While shoe factories have been working overtime, factory capacity for civilian shoes cannot be expanded in wartime and it's not possible to change plants from the manufacture of one type of shoe to another,—for instance, from women's to children's. The processes, the machines and the lasts are different.

There are very large war uses of leather—for instance, in footwear. A soldier requires four pairs of shoes in the first year of his service and about three pairs per year thereafter. But, what is more important, he needs to have his shoes re-soled four or five times a year. His shoes are of the highest quality leathers obtainable, leaving the other grades of leather for civilian use. Airmen need leather for jackets and mitts. War factories need leather for belting and farmers need leather for harness. Leather—the best leathers—has gone to war.

TURNING HIDES INTO SHOES

There are very large war uses of leather—for instance, in footwear. A soldier requires four pairs of shoes in the first year of his service and about three pairs per year thereafter. But, what is more important, he needs to have his shoes re-soled four or five times a year. His shoes are of the highest quality leathers obtainable, leaving the other grades of leather for civilian use. Airmen need leather for jackets and mitts. THE WARTIME PRICES AND TRADE BOARD

THIS IS ONE OF A SERIES OF ADVERTISEMENTS GIVING THE FACTS ABOUT THE SUPPLY SITUATION OF VARIOUS WIDELY USED COMMODITIES

Through its Standards and its Supply Divisions, the Board watches the production of civilian goods to ensure that everything possible is done to provide the necessary quantities and to maintain the quality. The limitations imposed by the shortage of labour and materials, however, mean that you can't get all you want in wartime.

Chairman, Wartime Prices and Trade Board.

TOYLAND

Maybe Susie can't have every toy she wants . . . But we have many, many Christmas surprises for her.

We Are Listing Just a Few of Them.

TEA SETS — Bright plastic for playing at "Keeping house." 6 pieces. Two plates, two cups, two saucers, bandages, diploma, etc. Set 55c

Weddings

McNEIL - SIMPSON
Sixth Avenue United Church, New Westminster, B.C., was the scene of the Nov. 18 ceremony uniting Eileen Elizabeth, only daughter of Mr. and Mrs. James Simpson, Mt. Lehman in marriage to Mr. Chester Smith McNeil, third son of Mrs. McNeil and the late J. A. McNeil, Bass River, N.S. Rev. C. R. McGillivray performed the ceremony.

Given in marriage by her father, the bride wore a formal gown of white velvet embellished with her Mary Queen of Scots headress hold her mother's floor length silk illusion net veil. She was wearing a diamond heirloom pendant and carried white mums and pink carnations.

Miss Kay Rutan was the brides only attendant and was gowned in pink triple sheer. She wore a Juliet cap of pink corded ribbon and carried gold mums and white carnations.

LAC. Raymond Thompson, R.C. A.F., nephew of the groom, was best man.

While the register was being signed Mr. W. Mortison sang "Until".

A reception was held in the Russel Hotel, New Westminster, about sixty guests were present.

A very fitting toast to the bride was given by Mr. Jasper Gilbert, uncle of the bride.

Music was supplied by the B.C. E.R. boys orchestra and dancing and singing were enjoyed.

Receiving with the bride's mother, Mrs. J. Simpson who wore navy blue crepe with white trim and navy and white accessories and wearing a corsage of pink talisman rose buds and maiden hair fern, was Mrs. F. Thompson, sister of the groom. Mrs. Thompson wore a navy crepe with pink sheer trim and navy and pink accessories, with a corsage of pink talisman rose buds and maiden hair fern.

On leaving for a wedding trip on Vancouver Island, the bride donned a gold afternoon frock with matching brown accessories and fur coat.

THOMPSON - EGERDIE

The military atmosphere of the R.A.F. predominated at the wedding ceremony which took place in Trinity United Church on Saturday evening. Rev. G. R. Tench united in marriage, Sgt. Donald Hugh Thompson, R.A.F., of Sandiway, England, and Miss Jeanne Marie Egerdie of Winnipeg. The groom is the son of Mr. and Mrs. Alan Kinsey Thompson, and the bride, the daughter of Mr. and Mrs. Fredrick Egerdie.

The bride, who was attired in a turquoise suit, was given in marriage by Sgt. W. Snow, R.A.F. The matron of honor was Mrs. Margaret Snow.

The groom was supported by Sgt. D. I. Haswell. Following a short wedding trip, the couple will reside in Abbotsford at the McCrimmon home.

HEPPNER - LORD

A wedding of interest to local residents was performed at the home of the bride's parents in Tryon on Oct. 10, when LAC. Harold Henry Heppner, RCAF, son of Mr. and Mrs. George B. Heppner of Abbotsford, was united in marriage to Adelaide Ann, daughter of the late C. Artemas and Mrs. Lord. Mrs. Charles Bartlett played the wedding music.

The bride wore a street length dress of soldier blue with a corsage of American Beauty roses. Her only attendant was Mrs. Erwin Hodges of Ottawa who wore a street-length dress of Airforce blue with a corsage of Talisman roses.

The groom was supported by his friend, Erwin Hodges, RCAF. During the ceremony, the bridal party stood under an arch of autumn leaves and lovely flowers. Following the ceremony a lunch was served by Mrs. Everett Howatt, Mrs. Bartlett and Kay Carr.
